web sites advanced search Refugees in America in the 1990s: A Reference Handbook:

This volume introduces the reader to an important set of newcomers to America. Two overview chapters introduce the U.S. refugee program and the general patterns in resettlement and adaptation. The chapters cover the origins of the program, its development through successive waves of refugees and layers of legislation, the life experiences that refugees bring with them, the problems they must confront and the ways they rebuild their lives. The heart of the book, however, from Booklist. Citizens and policymakers would do well to dip into this excellent reference source on refugee resettlement in the U.S. from 1960 to the present. In addition to an overview of how we as a nation have
