By Stevi Jackson, Sue Scott : Theorising Sexuality (Theorizing Society) starfire a red peace by spencer ellsworth a red peace first in spencer ellsworths starfire trilogy is an action packed space humanities an international peer reviewed open access journal Theorising Sexuality (Theorizing Society):

2 of 2 review helpful Highly interesting and convincing By Reiner Keller The authors both well known scholars in social studies of sexualities and in feminist debates highly succeed in presenting a useful introduction in main issues of sociological reflection and research on sexualities But they go well beyond this topic in entering theoretical discussion between the sociological interpretive paradigm and poststructuralist This book surveys and evaluates the sociological contribution to the study of sexuality It not only maps major theoretical shifts and debates but also offers a unique examination of the topic that emphasises the sociality of sexuality In particular it considers the institutional biographical and interactional contexts of our sexual lives as well as the cultural significance and everyday practice of sexuality The authors contest not only popular understandings About the Author Stevi Jackson is Professor of Women's Studies at the University of York UK She has published extensively on sexuality especially heterosexuality and on feminist theory Sue Scott is Pro Vice Chancellor at Glasgow Caledonian
