By J. E. Cirlot : A Dictionary of Symbols (Dover Occult) the girls had never been called angel children before and

thought it very agreeable especially jo who had been considered a `sancho ever since she was born a cross is a geometrical figure consisting of two intersecting lines or bars usually perpendicular to each other the lines usually run vertically and horizontally A Dictionary of Symbols (Dover Occult):

5 of 5 review helpful It is very informative but By amfshopper As the title said it is a dictionary But because it is one of symbols i had assumed that it would not only tell about the symbols but also show what they look like It talks about many types of symbolism and some history of certain symbols but as i said i wish they did more than describe it 0 of 0 review helpful Very very Humans it s said are symbolizing animals At every stage of civilization people have relied on symbolic expression and advances in science and technology have only increased our dependence on symbols The language of symbols is considered a science and this informative volume offers an indispensable tool in the study of symbology It can be used as a reference or simply browsed for pleasure Many of its entries mdash those on architecture mandala numbers s Language Notes Text English Spanish translation
