5 of 6 review helpful Beautiful pictures By A Barber This book organizes the myths of many different cultures by subject matter I enjoyed the fact that it does not focus completely on Greek and Roman mythology but includes many other cultures as well Unfortunately the text is somewhat dry but the pictures make up for it There are photographs of classical statuary paintings and relics from all over the world I wou An exploration of myths from around the world with an authoritative text and an inspired selection of images In every culture of the world myths help explain our origins the world 's creation gods and monsters demons the afterlife and the underworld This compelling account gathers together themes and stories from every part of the globe to show how myths share many common patterns and how through them the human imagination is expressed About the Author Christopher Dell holds a degree in the History of Art from the Courtauld Institute London He has written and edited several books on art and visual culture

including Freemasonry Mythology nbsp What Makes a Masterpiece and Monsters A Besti
