From Wiley-Blackwell : The Blackwell Companion to Sociology of Religion sociology is the scientific study of society including patterns of social relationships social interaction and culture it is a social science that uses various blackwell reference online is the largest academic online reference library giving instant access to the most authoritative and up to date scholarship across the The Blackwell Companion to Sociology of Religion:

6 of 8 review helpful Great range and variety of subjects By A Customer With wonderful editorial and personal

commentary running throughout the book this text would be of great use for students teachers and the general public interested in the sociology of religion. Its authors both lead us through the history of sociology of religion and show us new paths which are being explored today. I found it exciting to read part The Blackwell Companion to Sociology of Religion is presented in three comprehensive parts. Written by a range of outstanding academics the volume explores the current status of the sociology of religion and how it might look in future. Explores the current status of the sociology of religion and how it might look at the beginning of the next millennium. Traces the boundaries between sociology. If a single theme runs through this anthology it is an appreciation of the process of secularization. Here however secularization does not trumpet the demise of religion but provides a lens through which to scrutinize the shifting location and function.
