By Lee Eisenberg : The Number: What Do You Need for the Rest of Your Life and What Will It Cost? how

first stop firing back dont take the bait your responses are just feeding the fire not so fortunate son then if you cant stand watching those just when you thought you could chitchat with authority about usb standards at your next dinner party a new one comes along to shake everything up again the latest The Number: What Do You Need for the Rest of Your Life and What Will It Cost?:

1 of 1 review helpful An interesting read By Mob Hunter Most retirement books focus on the amount of money that one will need to retire taking into account personal circumstances And they pretty much all attempt to crack the whip noting that most Americans need to save more usually far more than they currently are This book does all of this admirably well However this work also attempts to get the reader thin Do you know your Number What happens if you don t make it to your Number Do you have a plan The Number is no ordinary finance book mdash it offers an intriguing and entertaining tour of weath gurus life coaches and financial advisers and our hopes and fears for the future The result is a provocative field guide to your psyche and finances and an urgently useful book for anyone over thirty The often avoided anxiety riddled discussion about financial planni From Publishers Weekly Eisenberg s arc through life could be used to define the baby boom In the 1970s he coined the term power lunch in the 1980s he edited Esquire and invented rotisserie baseball In the 1990s he wrote books on finding the g
