Intended as a guide to the terms and phrases that partially shape the nature, purpose, logic, meaning, and methods of the practices called qualitative inquiry, this new edition has 110 additional new terms as well as new key references for every entry. These key references help acquaint readers with the complexity of the issues behind the concepts examined in the book. In addition, most of the entries have been expanded and clarified to enhance readers' understanding. J. Hatzenbuehler, normal J.
