0 of 0 review helpful Very knowledgeable author You won't find this stuff on By Lisa Very knowledgeable author

You won't find this stuff on the Internet. Very worth it for anyone writing about vampires or any supernatural horror that wishes to expand their knowledge on mythology from around the world. 0 of 0 review helpful I have always loved vampires and this book is just what I was. From the earliest days of oral history to the present the vampire myth persists among mankind's deeply rooted fears. This encyclopedia with entries ranging from Abchanchu to Zmeus includes nearly 600 different species of historical and mythological vampires fully described and detailed. From School Library Journal Gr 9 Up — A self proclaimed vampirologist who doesn't believe in the creatures covers diverse beliefs about vampires and their origins from early accounts through to myths that persist today. Species such as Aluka Gaki Ramang
