From D Baird : Heinrich Hertz: Classical Physicist, Modern Philosopher (Boston Studies in the Philosophy and History of Science) the first jewish population in the region to be later known as germany came with the romans to the city now known as cologne a quot;golden agequot; in the first millennium 1 i celebrate myself and sing myself and what i assume you shall assume for every atom belonging to me as good belongs to you i loaf and invite my soul Heinrich Hertz: Classical Physicist, Modern Philosopher (Boston Studies in the Philosophy and History of Science):

The sub title of this symposium is accurate and in a curious way promises more than it states Classical Physicist Modem Philosopher Heinrich Hertz as the con shy summate experimentalist of 19th century technique and as brilliant clarifying critic of physical theory of his time achieved one of the fulfilments but at the same time opened one of the transition points of classical physics Thus in his popular lecture On the Relations Between Light and Electricity unusually well balanced anthology The editors are to be congratulated for producing a superb introduction to Hertz scholarship ISIS 91 1 2000
