Understanding the Mind of the Market:

2 of 2 review helpful It is a useless book By A Customer I lost myself after reading this book It is definately useless book to me I regret I bought it which was purely based on the 5 stars review I don t even know if the writer really understand the market I think the author wrote this one purely because he wants to creat a book I doubt if the author knows what he wrote This book will waste our money and time 6 of This book takes the reader on an insider s tour of the psychology of stock market investing In more than 3 000 hours of interviews and observations Smith granted some of the most famous insiders on Wall Street the protection of anonymity to procure their deepest and most frank views on the operation of the market Their words are heard here in vivid and often surprising detail What emerges is a startling portrait of how the prejudices of six different types of players From Library Journal An update of The Mind of the Market 1981 this book provides an intriguing look at the different ways that true believers salesmen investors and market cynics view interpret and evaluate the ambiguity of the market Smith sociolog
