3 of 3 review helpful Cheapest book I ever bought terribly instructive By Mr Eric YARMOFF I got this book for 1 cent and have used it extensively for a college paper that combined palynology and basic anthropology This book was

invaluable as a global resource and was quoted numerous times in my paper In addition to being informative it was an easy and fascinating read I learned lots about the Native American tribes Combining clear informative text with a wealth of maps and illustrations this unique resource offers the most comprehensive coverage available in a single volume on the history culture languages and lifeways of Native American groups across North America
