museums is an institution that cares for conserves a collection of artifacts and other objects of clyfford still museum 011 miles sandra phillips gallery 025 miles inside the orchestra 037 miles walker fine art 038 miles denver philharmonic orchestra Museum, Inc.: Inside the Global Art World:

0 of 0 review helpful Interesting for those in the field of museology By Matteo O Interesting premise The back of the book describes it as being structured like the informal gallery talks Werner used to give and it reads very much like that There is great potential here but I'd like to see his arguments further elaborated I had to come back and revise my original review because I regularly found myself pondering sev Has corporate business overtaken the art world It's no secret that art and business have always mixed but their relationship today sparks more questions than ever Museum Inc describes the new art conglomerates from an insider's perspective probing how their roots run deep into corporate culture Paul Werner draws on his nine years at the Guggenheim Museum to reveal that contemporary art museums have not broken radically with the past as often claimed What a treat And what catharsis 75 delicious pages of witty remarks and cogent arguments It's truly enviable to be able to write like this A must read for people who feel that something has gone off in the museum business
