From Springer : International Handbook of Historical Archaeology we would like to show you a description here but the site wont allow us bibme free bibliography and citation maker mla apa chicago harvard International Handbook of Historical Archaeology:

In studying the past archaeologists have focused on the material remains of our ancestors Prehistorians generally have only artifacts to study and rely on the diverse material record for their understanding of past societies and their behavior Those involved in studying historically documented cultures not only have extensive material remains but also contemporary texts images and a range of investigative technologies to enable them to build a broader and more

re From the Back Cover In studying the past archaeologists have focused on the material remains of our predecessors Prehistorians generally rely almost exclusively on the diverse material record for their understanding of past societies and their behavior Those
