research history and stories of the past This fine volume has all three Being a child of the Fifties I also recommend this book for its nostalgia Well researched and written Robin Cherry can find a fan in me Offered for shipping on ebay if you cannot afford the 35 for the fine hardcover volume Read laugh In Catalog The Illustrated History of Mail Order Shopping Robin Cherry traces the timeline of these snapshots from American history and discovers along the way how we dressed decorated our houses worked played and got around Catalogs are a record of how much things cost in different eras and how both language and graphic design have evolved From corsets to bell bottoms from baby doll dresses and Doc Martens all the way to iPods the history of these catalog The Catalog Of Curiosities New York Times Austerity may be fashionable this Christmas But admit it arent you still hoping to find a set of his and her dirigibles under the tree That gift from the 1979 Neiman Marcus catalog is one of many lost wonders
