By Margie J. Klink Thomas : Re-Designing the High School Library for the Forgotten Half: The Information Needs of the Non-College Bound Student we have told you not to stare at the sun today we have told you to use safety glasses we have tried so very hard and we are so very tired here are some people who Re-Designing the High

School Library for the Forgotten Half: The Information Needs of the Non-College Bound Student:

0 of 0 review helpful A thoroughly user friendly instructional guide By Midwest Book Review One of the principle functions of the high school library is to provide non college bound students with the kinds of books periodicals and curriculum supplemental materials that will prepare them for alternatives to university educations upon graduation from high school Indeed to build and maintain a collection that will promot Most high school administrators teachers and staff concentrate on the student who is in the college preparatory track while those who may not even finish high school have less attention paid to their curriculum and their educational needs If the role of the school librarian is to prepare all students for lifelong learning school librarians must work closely with teachers in charge of courses preparing students to go from school to work They need to remind other From School Library Journal Thomas strongly advocates involvement by school librarians in the educational reform recommended and currently taking place in many schools across the country In the first chapter she examines the history behind educational changes
