RE\_ACTION: The Digital Archive Experience: Renegotiating the Competences of the Archive and the (Art) Museum in the 21st Century:

This book investigates the ways in which new digital media may enhance the experience of the art archive. Taken as a whole the new media is a vital component of a transdisciplinary and transformative field a cultural landscape that is rapidly changing the conditions and domains of the archive and the art museum. How then should the functions and strengths of both the archive and the museum be shaped to meet those cultural and technological changes? When the Interne About the Author Mogens Jacobsen is a mediaartist and teacher of internet installations
