Eugène Dubois and the Ape-Man from Java: The History of the First 'Missing Link' and Its Discoverer:

Although the name Pithecanthropus is now seldom used there are few who study the origin of our species who will fail to recognise the historical place of the usage and its association with Eugene Dubois During the last thirty or forty years Australopithecus and its African context has tended to draw attention from the early work on our origins in Java It is now increasingly common to hear the term pithecanthropine used only to indicate the Asian or Far Eastern exam Eug egrave ne Dubois and the Ape Man from Java does not tell us everything we might want to know about its subjects but it does place them in clear historical perspective and correct misinformation about them that has been around for a lo
